Rationale:
☐ Our school has both a desire and a responsibility to ensure that high standards of conduct are maintained by staff and students at all times, and that complaints and concerns are managed and resolved fairly, efficiently, promptly and in accordance with relative legislation.

Aims:
☐ To provide a harmonious, positive and productive school environment.
☐ To ensure that our school will respond to parent concerns and complaints in an effective and timely manner.

Implementation:
The school’s approach to handling concerns and complaints is based on our values of:
• providing a safe and supportive learning environment
• building relationships between students, parents and staff
• providing a safe working environment for staff.

This procedure covers concerns and complaints about:
• general issues of student behaviour that are contrary to the school’s code of conduct
• incidents of bullying or harassment in the classroom or the school yard
• learning programs, assessment and reporting of student learning
• communication with parents
• school fees and payments
• general administrative issues

The school expects a person raising a concern or complaint to:
• do so promptly, as soon as possible after the issue occurs
• provide complete and factual information about the concern or complaint
• maintain and respect the privacy and confidentiality of all parties
• acknowledge that a common goal is to achieve an outcome acceptable to all parties
• act in good faith, and in a calm and courteous manner
• show respect and understanding of each other’s point of view and value difference, rather than judge and blame
• recognise that all parties have rights and responsibilities which must be balanced.
The school will address any concerns and complaints received from parents:
• courteously
• efficiently
• fairly
• promptly, or within the timeline agreed with the person with the concern or complaint
• in accordance with due process, principles of natural justice and the Department’s regulatory framework

Raising concerns or complaints
☒ write a note to your child’s teacher outlining your concerns
☒ make an appointment to speak on the phone or in person with their class teacher, the Assistant Principal or Principal.

Help with raising concerns or complaints
Complainants can seek the services of an advocate when they feel they are unable to express their concern clearly. An advocate can be a friend or someone who is available through an appropriate support organisation who does not receive a fee for service. All parties involved in addressing a complaint may seek the services of a mediator when there is difficulty coming to an agreement. The school will ensure that the complainant is aware of these supports. A complainant who wishes to use these support services should ensure the person addressing the concern or complaint is aware of their intention and is in agreement.

The school will record the following details of all complaints received, even if the complaint appears to be minor:
• name and contact details (with permission) of the person with a concern or complaint
• the date the concern was expressed or complaint made
• the form in which the concern or complaint was received (such as face-to-face, by telephone, in writing, by email)
• a brief description of the concern or complaint
• details of the school officer responding to the concern or complaint
• action taken on the concern or complaint
• the outcome of action taken on the concern or complaint
• any recommendations for future improvement in the school’s policy or procedures. However, in the first instance, when the complaint is easily resolved in a telephone call, a brief note in the school’s/principal’s/teacher’s diary recording the issue and the resolution may be all that is required.

Addressing concerns or complaints
The school will make every effort to resolve concerns and complaints before involving other levels of the Department. The school will give a complainant a copy of its complaints procedures.
The school will determine whether a concern or complaint should be managed through the school’s concerns and complaints process or through other complaints processes of the Department. All complaints will be noted and acted on promptly by the staff member who receives the complaint. The school will make every attempt to resolve a concern or complaint as quickly as possible. If your complaint involves many students and a range of issues, the school will need more time to investigate and resolve it. Should the complaint involve complex issues, the school might need to take advice from the Department’s regional office which may take more time. The school will tell the complainant the new timeline for addressing the complaint and the reasons for any delays. In all cases, the school will try to resolve a concern or complaint within 20 school days.

**Remedies**

If a concern or complaint is substantiated in whole or part, the school will offer an appropriate remedy. For example, at its discretion and depending on the circumstances, the school might offer:

- an explanation or further information about the issue
- mediation, counselling or other support
- an apology, expression of regret or admission of fault
- to change its decision
- to change its policies, procedures or practices
- to cancel a debt (such as for school payments)
- a fee refund.

The school will implement the remedy as soon as practicable.

**Referral of concerns or complaints**

If a person with a concern or complaint is not satisfied with the outcome determined by the school, they should contact the Department’s appropriate regional office. The officer from the region will ask the complainant for a complete and factual account in writing of the concern or complaint and the complainant’s opinion about why the school did not resolve it to their satisfaction. If the complaint cannot be resolved by the complainant, school and regional office working together, the regional office may refer it to the Department’s Group Coordination Division.

The Division will ask the complainant for a complete and factual account in writing of the concern or complaint and the complainant’s opinion about why the school and regional office did not resolve it to their satisfaction and will ask the complainant to outline their view on the course of action required to resolve the complaint. Where the complainant is unable to provide a written account the officer from Group Coordination Division should act on the information provided.
Monitoring this policy
The school will monitor parent concerns and complaints and consider issues raised through the parent complaints process, and any other relevant information from the parent opinion survey, when undertaking a review of the school's policies, procedures and operations.

The school council will regularly review its policy and procedures to effectively address parent concerns and complaints as part of its cyclic policy and procedures review schedule.

The school will review its information about complaints made over time to:
• identify common or recurring issues that may need addressing
• assess the effectiveness of these and other procedures and whether they are being followed
• use information provided to the school through the parent opinion survey on the views of parents.

This policy was last ratified by School Council in.... September 2009
