PURPOSE

The purpose of this policy is to set out how our school will manage electronic funds in accordance with applicable Department of Education and Training policy and law.

SCOPE

This policy applies to:

- All staff/responsible persons involved in management of funds transacted electronically
- all transactions carried out by Kilmore Primary School via the methods set out in this policy

POLICY

Kilmore Primary School has developed this policy consistently with the [Schools Electronic Funds Management Guidelines](#) and [Section 4 Internal Controls of the Finance Manual for Victorian Government schools](#).

Implementation

- Kilmore Primary School Council requires that all actions related to internet banking are consistent with The Department's [Schools Electronic Funds Management Guidelines](#).
- Kilmore Primary School School Council approves the use of Commbiz as the approved software for all internet banking activities as individual authority and security tokens are required.

- All payments through internet banking software must be consistent with Department requirements and must be authorised by the Principal and one other member of School Council nominated by the School Council.
- Kilmore Primary School School Council will determine how refunds will be processed and any refunds processed through the EFTPOS terminal will be recorded in a refund register.
- Kilmore Primary School will undertake maintenance and upgrading of hardware and software as required.
- Kilmore Primary School will ensure proper retention/disposal of all transaction records relating to accounts such as purchase orders, tax invoices/statements, vouchers, payroll listings and relevant CASES21 reports.

EFTPOS

- The Principal of Kilmore Primary School will ensure all staff operating the merchant facility are aware of security requirements.
- School Council minutes must record which staff are authorised to process transactions.
- No "Cash Out" will be permitted on any school EFTPOS facility.
- Kilmore Primary School will not accept EFTPOS transactions via telephone or post.
- Kilmore Primary School School Council has approved a minimum refund amount of \$10 and a maximum refund amount of \$200.

Direct Debit

- All direct debit agreements must be approved and signed by School Council prior to implementation.
- The School Council requires all suppliers to provide tax invoices/statements to the school prior to direct debiting any funds from the school's account
- A direct debit facility allows an external source to a pre-arranged amount of funds from the school's official account on a pre-arranged date. Any such payments will be authorised as appropriate and required.
- Kilmore Primary School will ensure adequate funds are available in the Official Account for the "sweep" of funds to the supplier.

Direct Deposit

- Kilmore Primary School utilises a "two user authorisation of payments" banking package, as it contains a greater degree of security and access controls.

 - The Business Manager must not have banking authorisation/signatory responsibilities other than for the transferring of funds between school bank accounts
 - The allocation and security of personal identification number (PIN) information or software authorisation tokens
 - The setting up of payee details in CASES21
 - The authorisation of transfer of funds from the official account to payee accounts

- payment vouchers
- signed screen prints and payee details
- relevant CASES21 reports etc.

This includes a requirement for the Principal to sign and date BPAY transaction receipts attached to authorised payment vouchers.
